### **Career Summary:**

**G450 Captain for CAMOSA (Contracted to Akwa Ibom State Government) 2017 - Current**

Flying the Governor and his family within Nigeria and to various International destinations around the globe.

**G450 Captain for ACASS 2017**

Flying for a Nigerian Family based in Lagos. Flights include Europe, USA, and Africa.

**G450 Captain and Flight Safety Officer Oger Aviation (Saudi Oger) 2010 - 2016**

Responsible for the safety of our passengers, the aircraft and the overall management of day to day flights. I was the Flight Safety Officer of the company and developed the SMS system within the company. I also work very closely with the Director of Operations / Chief Pilot helping him with his roles in the company. I have successfully had two Audits from the Bermudan Civil Aviation over the past 4 years. I was also involved in all 4 of the aircraft documentations and responsible for keeping the aircraft legal. Our passengers were VVIP personal including Heads of State.

**B747/200 First Officer MK Airlines 2007 – 2010**

Flying Cargo across the world including America North and South, Africa, Middle East and the Far East.

**B190 Captain ALS Kenya 2005 – 2007**

Contracted out to Red Cross ICRC and to United Nations flying around Africa in all the war zones, taking aid and transporting passengers from base to base in some very remote little air strips

**Whelson Transport Zimbabwe 2002 – 2005**

Started on a Cessna Grand Caravan flying in Gabon for a forestry company. This was great experience flying into little bush strips around the country in some very harsh weather conditions. I then flew the Caravan on the DHL contract between Zimbabwe, South Africa, Malawi and Zambia. I was then promoted onto the King Air 200 flying for a Medical Air Rescue service around Southern Africa.
