Work experience from helicopter operations

Camo Tech Admin, Distance worker

Avincis November 2023 – now

Performed admin tasks such as handling the system WebManuals and weight & balance.

Task specialist, Dalarna

Stockholms helikoptertjänst June 2023 – August 2023

Task specialist on time basis, mainly worked with CAT-operations but also during HESLO.

Apprentice, Stockholm

Stockholms Helikopter Service(Helikoptertjänst) May 2022 – October 2022

Internship as part of the Integrated CPL(H) program at SPU Flight Academy. I primarily worked as a Loadmaster during HESLO operations as well as ground crew during CAT operations. In addition to this I was able to ferry the helicopters under supervision between jobs, resulting in around 12h PiC in EC120B and around 30 unlogged hours in AS350B3.

Related education

Integrated CPL(H) with ATPL(H)VFR Theory, Gothenburg

SPU Flight Academy August 2020 - April 2023

Government funded program under the Swedish national agency for Higher Vocational Education. Basic training up to 100h was done on the R22 followed by night training on the R44. 10h of simulated training were done on FNT2 EC135 and the last 20h as well as the skill test were done on the EC120B. Received an Advanced Higher Vocational Education Diploma.

Other experience related to aviation

Airborne Surveillance Operator, Stockholm & Gothenburg

Swedish Voluntary Air Corps(FFK) July 2019 - Now (Gothenburg 2020-2022)

Part of the Airborne Response Group and Airborne Sea Surveillance Group as a voluntary airborne surveillance operator. My tasks during missions consist of Flight Planning, Navigation, Radiocommunication and Object documentation via photography and written reports.

Forest fire surveillance Pilot and Scout, Sörmland & Dalarna County

County Administrative Board(Länsstyrelsen) April 2018 - Now

Voluntary pilot contracted via the East Sörmlands Flight Club (ÖSFK) and the Top of Siljans Flight club(OSFK). The task consists of flying over the County to look for and report fires to the rescue service, guide the firetrucks to the fire and provide situational awareness from the air to the people on the ground.

Theory instructor, Västerås

Swedish Voluntary Air Corps(FFK) November 2022 - Now

Theory knowledge instructor during the first course in the airborne surveillance operator program. I primarily teach in the subjects Navigation and Safety in aviation.

Board President, Sweden

Swedish Voluntary Air Corps Youth Organization (FFK Ungdom) June 2022 - Now

The Board of the Swedish voluntary air corps youth organisations duties are to improve cooperation within and with other organisations, Improve the organisation as a whole, be responsible for bigger events and to support all the Sections and our members. My job as the president is to lead its work and to inspire and support its members to achieve our goals.

Other work experience

Handyman, Gothenburg and Stockholm

MD Service February 2022 - Now

Servisec AB June 2021 - January 2022

Part time Handyman on different projects with a general task to fix any equipment or property problems at their offices. MD Service overtook these Handyman contracts from Servisec.

Instructor in crisis preparedness, Sweden

Swedish Civil Contingencies Agency (MSB) February 2023 - Now

Instructor in the project Scared or Prepared which purpose is to inform youngsters in ages 16-19 about how to prepare for a crisis and inform about the Swedish total defence system.

Security Guard, Stockholm

MD Service December 2022 - January 2023 (Security host)

Servisec AB May 2020 - August 2021

Securitas Sweden AB February 2020 - February 2022

Part time Mobile Security Guard at Securitas and Servisec. At Servisec AB I was promoted to Supervisor thus responsible for my shift and its working staff as well as being tasked with the shift-planning, customer support and first response to burglar alarms. The job as a Security host was a short stationary task to improve security during the holiday season at an office.

Substitute Teacher, Stockholm

People Productions December 2019 - Mars 2020

Part time substitute teacher for multiple elementary schools in the Stockholm area.

Entrepreneur/CEO, Stockholm

SAAB Dynamics June 2019 - August 2019

PulseDesign JA August 2018 - June 2019

As part of the Swedish JA program, PulseDesign worked with designing 100% environmentally friendly jet- and rocket engines for short to medium distance aircrafts and spacecrafts. After the program ended, we were able to continue developing the engine at SAAB.

Electrician and boat-Technician, Stockholm

Keytop 2010 - 2020

Assisting installation electrician for installations in new buildings and renovation projects mainly in the Stockholm Archipelago as well as troubleshooting existing installations. I also worked with winter service of multi-hull boats and I helped the company with accounting.

Web Designer and IT-Support, Stockholm & Gothenburg

MD Service 2022-Now / *Keytop* 2014-Now / *FFK Ungdom* 2017-Now / *Karlholms*

Property management 2014 / *Klaverens hus* 2014 / *MH Plåt* 2014

Website developer and company technical support for multiple companies and organizations. Mainly worked in Wordpress, Excel, Solidworks and other task related programs.

Other education

The Defence and Security Academy (FOSA), Stockholm

Folk och Försvar February 2023 - May 2023

An education in Swedish Defence and Security politics and areas.

Conscription, Karlsborg & Villingsberg

Swedish Armed Forces August 2019 - October 2019 & January 2024-July 2024

Conscription in the Swedish Armed Forces as a Ranger. Sadly the conscription was terminated due to a fracture in my arm during training. The conscription was the this year activated once again and I now do it as a marksman under the Company Näs.

Upper Secondary School, Stockholm

Bromma Gymnasium August 2016 - June 2019

Technical university preparatory degree with focus on design and product development in the aviation industry. During my secondary year I was awarded with Student of the year.
